Super Vets v Mike Pike's Arts Network X1
Won 3 – 1 Sunday 3/11 Hayes

As always it was good to see the gang back together with a couple of newbies Paul Roast a 62 year old who hadn't played for a decade and Stuart Philimore ex of bow street runners and son of ref Peter, both good additions and fit in well.

We played Pikeys' arts network who have improved dramatically from our first meeting a couple of years back. They had 3/4 youngster who had a lot pace and some skill. Both sides were equally matched and the first half probably edged by the art group. We scored first with a Macy's cross headed in by **Graeme Carruth** , arts network hit back with a 25 yarder in the top right hand corner, giving Chunk no chance.

The second half we defended well and hit the oppo on the break , we also talked a bit more and moved the ball more constructively. So it wasn't a surprise when Macey danced down our right crossed and their central defender brought the ball down with his hand. **Graeme Carruth** stepped forward with Johnny Q trying to muscle in on the action ! Graeme first shot was saved but he followed up and finished with aplomb. Thereafter our defence well marshalled by Messers Forbes and Lovelock and ably assisted by our two newbies kept the arts network at bay. The 3rd goal was a Macey wonder he controlled the ball (scary) before chipping there 6 ft 6 keeper. Some say it was a miss hit cross (Including me and I wasn't even there, Ed). I like to think of it as a Glen Hoddle special.

A good tight game well done to both sides and thanks to Micky Pilgrim who oversaw this game. Mom went to **Paul Roast** for his excellent debut at left back, narrowly beating Macey, Carruth and the rest of the back 4. Alex Forbes

Team. Wellman I, Roast p, Phillimore s, Forbes d , Lovelock c, Dyki c, Carruth G , Smart d , Quinton j, Nelmes d , Mace m, Chinnery s , Hart j , Billing c, Billing n

(Great action shot, mostly of Micky Pilgrims back, Ed)

1's v Nottsborough 1 -2 League Home.

Following a 5-4 Penalty win last weekend, the 1s looked to get their league form back on track.

In a close game that was unfortunately not to be. In what the 1s management said to be the best performance they have seen since taking charge.

Old Wilsonians looked to retain possession and control the first half with a couple a big chance created but not taken, A cross from Azeez to the back post saw Ben Carruthers narrowly miss the target has he just couldn't get the connection with head. 10 minutes later Sam Bakare broke through the Nottsborough defence toe poked one towards goal to force a good save from their goalkeeper. Nottsborough created a good chance down the other end forcing Ed Healey into making a fantastic save. With the first half ending 0-0 Wilsons just edging the first half everything looked positive.

With the 2nd half beginning Old Wilsonians were keeping the ball really well, playing out from the back with excellent decisions by Ally & Niall feeding into midfield who'd look to turn and feed the front 3. However with 30 minutes left Nottsborough striker managed to turn and quickly shoot from just outside the area which saw the ball dart into the bottom left corner with a little bit of assistance from the post. With everything to do now Wilsons made their game even harder after failing to clear their lines Nottsborough nick the ball just on the right hand side of the box and the left winger scoops the ball in the air, many thought it was going over however that was not the case much like the first goal with the assistance of the post the ball crosses the line and within 30 seconds of conceding the first goal Wilsons find themselves 2-0 down.

After a rocky 10 minutes Wilsons started to control the game again with Kieran steadying the ship and controlling midfield, the game started to come our way again creating another big chance this time from a corner as Niall leaps at the back post just couldn't get the direction on the header and goes wide. With time running out Wilsons started to pile men forward in hope of getting a goal, a cross flew into the box which was met by **Ryan Airdrie** who's run from midfield caused havoc he rose above every player in the box head the ball into the top corner 2-1 game on! We continued to throw everything at Nottsborough who dealt well with it to their credit. However last kick of the game and Wilsonians broke through with Sam Bakare, with the keeper racing out to the edge of his area Sam unfortunately didn't have the power in his legs to lift it over and beyond the keeper.

Strong performance from the 1s who challenged 2nd place all the way and on a different day could see us celebrating a win.

MOTM - Ally Osborn. (Good luck to the 1s in Surrey Prem Cup game Weds, pic from final in 2015 at Met. Police FC)

Match Report 2's v Alleyn OB League Away 1 - 0

On a particularly miserable Saturday morning, Wilson's turned up to a wind and rain battered Alleyns pitch.

Wilson's, in the form of their life, had an air of optimism about the game, but with Alleyns always being a tough fixture, no one was complacent.
The game started slowly for both teams, the first five minutes saw Alleyns holding onto most of the possession and Wilson's defence soaking up all they could throw at them.

15 minutes into the half Wilson's had found feet and started to sting some passes together, playing some decent football. A cool ball in behind the Alleyns defence scrappily cleared off the line.

Alleyns responded and came close to going ahead with a few decent shots saved by Matt Powley who palmed them wide or over. Their closest being a shot from distance that rattled the bar. 0-0 at the half.

The second half started in much the same fashion, with Wilson's passing and moving and soaking up all of the Alleyns pressure.

They looked dangerous from set pieces with a few corners coming close to finding the back of the net, had it not been for a few Matt Powley saves again...

Wilson's were finding joy down the wings, particularly attacking on the counter; and it felt like there were goals to be had... But who they would come from was still anyone's guess.

There was a change to bring on last years 6s goal scorer **Stan Sherlock** and it wasn't long before his added pace paid dividend. A through ball from Dan Harris left him 1 on 1, a great strike and an even better save from their keeper. However the rebound was slotted home nicely.

Wilsons absorbed the rest of the game pressure well and looked comfortable with the unbeatable Powley recovering from his only slip of the game to pull off another awesome double save.

A tight game that could have gone either way, but again digging in deep continues the OWs good run on the back of a poor result.

Team - Powley, George, Harris, Sherlock Syd, Mackley, Middleton, Jeeven, Evans, Elliot C, Howe, Dixon, Aoefolju, Sherlock Stan, Eves

MoM - Powley (backed up by an awesome performance from the back 4)

Match report 3's v Poly League 3 - 1

The 3s came into Saturday's fixture looking to make it 4 wins from 4 and consolidate our position at the top of the table. Relief was clear on our faces as we arrived and discovered the cancellation of the 6s match meant WATSON was no longer required in goal as SPARROW stepped in to save the day.

Facing a solid Polytechnic team in tricky Hawes Down conditions we lined up for the first half with both the wind and slope against us. What followed was a fairly uneventful first half in which the 3s created a couple of gilt edged opportunities and perhaps should have taken the lead through shots from GILSON, GUNNELL and PAGE. However it is a testament to our defensive line led by DUNK and DAVIES-WINIFRED that Poly were forced to resort to long balls over the top which inevitably ran out of play in the wind.

The most notable take-away from the half was SPARROW's bizarre ability to mis-control/drop everything out for a corner whilst it was off-target, yet save everything heading towards the goal. Weirdly impressive.

Starting the second half level, our defences' solid first half became even more apparent when the 3s shot out of the blocks, scoring 3 goals in the first 15 minutes of the half.

MOM TAYLOR kicked things off by playing a sublime ball through the Poly defence for **GUNNELL** to latch onto, finishing with surprising skill given his tendency to aim for the corner flag. Luckily his "West London Winker" hairstyle isn't yet long enough to cover his eyes, but the Gucci headband surely isn't far away from making an appearance.

Our second goal came from more good play from Taylor, playing the ball down the left wing to PAGE. What followed can only be described as the cross of the decade. Failing that, cross of the match will do, and **GUNNELL** dutifully volleyed in his second of the game.

The third came a couple of minutes later as a throw in managed to find its way across the entire box through to **TAYLOR** waiting at the back post to score a deserved goal and make it 3-0.

Poly managed to score from a narrow angle to make the final 15 minutes interesting, but our defence held firm to see out the match and secure a deserved win. 4 games in and top of the league – we bloody love Saturdays.

Dick of the day - ABDOU for turning up half an hour after KO and managing to produce multiple foul throws that wouldn't have been out of place in an U7s match. (Ed, Have you seen the OWFC under 7s in action, they wouldn't look out of place in a 1st X1 match!)

Acton always have Chilli & Rice
Match Report 5th X1 AFA Cup Away Old Actonians 0 -3

Following a gritty win against the 4s the week previous, the 5s made the usually horrendous trip to Acton. Having not been there for a couple of seasons I braced myself and the 5s to come prepared for a battle of a terrible park pitch in the wind and howling rain, the only saving grace being Acton always do a decent bowl of Chili and Rice after.

The usual 14 depleted to 12 on the morning due to one strange injury from (falling off a bin for - Shelton) and 5 a side injuries during the week. With multiple kick off times being muted during the week we hedged our bets and started getting changed at 12.45. The ref soon told us to hurry up as it was a 1.30 kick off and to our surprise and no-one informed us the game would be played on a 4G pitch in the park. We started with a bare 11 meaning the big man himself Chunk was up top alongside Sam James. Peter Flannery was making his long awaited come back and was thrust into a right midfield role, a role which would later see him bent over double hacking everything up on the sideline.

The pitch was large and it took us some time to get used to it. We weathered early pressure but just as we were settling we failed to clear our lines from a corner and they scrambled one home to go 1-0 up. 5 minutes later and after losing possession down the right their striker curled a lovely shot out of the reach of a despairing Kek to make it 2-0. His somewhat over exuberant celebration at the corner flag was strange to witness but Acton are always a strange bunch.

We could have folded but battled back hard, getting the ball into Wellman's feet who was able to feed the wingers and Sam James. James hit the crossbar when through trying to lift it over the keeper and then had another excellent one on one denied with a sprawling save from the keeper. 2-0 down at HT we weren't out of this by any means and needed a break.

The 2nd half was a cagey affair but we started the better, Frank Fenton pulling the strings in midfield and the defence not looking troubled. Sam James tested the keeper again from a free kick and from the resulting save Wellman thought he had brought us back into it but his shot flew across the face of goal. We were dealt a blow when O'Callaghan was forced off injured and with no sub played the rest of the match with 10 men. Again we could have folded but continued to play, Acton were hitting us on the break but a string of excellent saves from Kek and the woodwork kept it at 2-0. As legs started to tire, Acton scored a long range third and again celebrated wildly.

As we walked back to the changing room, our minds turned to the Chili and Rice, however like the change in pitches were served an interesting concoction of pork and apple bake with some bread. Nevertheless the 5s took over the club house, sinking about 10 jugs of lager, 2 rounds of jaeger bombs and copious amounts of crisps, nuts and pepperami's whilst also hearing an interesting story about and hair brush and vaseline. (Interesting, Ed)

Attention now turns to top of the league clash next week with Poly 7s at Home.

Match Reports - 7s v 8s, League 4 - 2

With the much anticipated Classico upon us and after weeks of players flicking between the two teams, it was the 8s who started the brighter, with the 7s lacking composure in on the ball. With good movement and link up play between the 8s front two, it was they who took a deserved lead with the 7s allowing a cross from a free kick to bounce in the box and it was turned in at the back post.

The 7s settled into the game from this point and equalised from a **Sam Forbes** corner going straight in with the help of Josh Mole, the 8s goalkeeper. The 8s continued to move the ball forward nicely, using the wings to their advantage. A speculative shot from 20 yards took two deflections and wrong footed 7s 'keeper Callum Steel. 2-1 to the 8s, half an hour gone.

With the 7s starting to use the ball with greater composure as half time approached, a quick fire double from **Maddison Christie** and **Sam Forbes** again, put the 7s in front going into the break.

With the message at half time being to stay calm on the ball and play with greater composure on the ball whilst press with greater urgency in defence, the second half was a cagey affair with clear cut chances hard to come by. **Sam Forbes** however did manage to complete his hat-trick after the 8s 'keeper committed himself early to coming to clear the ball. Sam got there first and slotted in, 4-2.

The 8s push and never gave up, hitting the woodwork in the dying moments.

The 7s continue their good early season form in the league, occupying 1st place with another big game against the 3rd places team next week.

The other side of the coin…….. Match Reports - 8s v 7s, League 2 - 4

The 8's went to the top of the table 7's with a changed side, this probably affected our rhythm in the early stages of the game but we managed to go ahead when a low cross was flicked home by **Tommy McCarthy**.

The game throughout lacked real quality but was hotly competitive and played in a robust but fair spirit

The 7's hadn't troubled but were level when a Sam Forbes floated corner caught one of the few and far between huge gusts of wind and the ball dropped directly over our line.

Not sure who scored next but I guess it was the 8's as **Robbie Adams (I'll take that, Ed)** thundered a thirty yarder straight into the back of the net leaving Callum Steel no chance.

It wasn't long before the scores were level as Sam Forbes broke clear down the right channel and sweetly struck the ball into the net past the out rushing Josh Mole.

Minutes later the 7's went ahead as the 8's failed to deal with a bouncing ball and Madz Christie popped up to poke the ball into the net although it looked like it could have been an own goal.

The second half was dominated by the 8's having two goals ruled out for offside, one extremely questionably and having an Igboayaka header thunder back of the bar but the game was settled as a rare break saw the 7's release Sam Forbes whose finish from 25 yards was exquisite.

There was still time for Neil Kendrick to appear in the ref's book (Always time for that, Ed) as a callous foul was overlooked as Igboayaka was through to score and Neil's resultant protestations were not fully understood by the referee. (I went for the ball ref, Ed)

The 7's have a very strong side but unlikely to win any modelling contracts (Miaow, Ed) and although the game overall was fairly even the finishing of Sam Forbes was the standout and ensured the 7's march towards the Junior Division 5 South title continues.

Already looking forward to the return when hopefully we will have our full side out and would be surprised if we didn't reverse the result. (Strong, Ed)

A recall for the classy, effervescent Adam Goddard meant there would be only one outcome to this game. The defence were further bolstered by a member of the 2nd XI's "Great Wall", namely Andy Pullen. The back 5 had to be at its best as any goal-bound shots may have found our 'keeper wanting as he was too busy nursing a raging hangover. Quite frankly I am disgusted that a member of the 1st XI can go drinking before a game.

We controlled this game from start to finish, and a series of attacks were made from the start and our first goal came from a corner that was headed clear to the edge of the box where **ANDY PULLEN** drifted clear of his marker, took up a beautiful body position and masterfully struck a first time volley into the top corner. The score-line remained 1-0 until early in the second half when Roland Townson danced through the heart of their defence to be brought down by their last man and a penalty resulted. This gave us a better chance of scoring as we could now call upon a deadly marksman instead of chancing Roly in front of goal, however, up stepped **NEIL KENDRICK –** surely nothing to do with the fact that he is in his own Fantasy Team? – and his sweetly struck shot somehow fooled the 'keeper.

DARREN COOMANSINGH, a late call up from the frozen food counter at Sainsbury's, consistently worried Brent with his pace and touches. To combat this they decided to try and kick him off the park, culminating in a booking for their central defender for a rather gruesome challenge. Darren's performance was not only rewarded with the 'Man of the match' award but also for a neatly taken goal

At this point the Brent team crumbled and started to resort to some rough stuff, but the 1st XI kept their discipline and continued to play football but, unfortunately, I haven't the faintest idea about the fourth goal as I was trying to rescue Roland from being savaged by Brent's pit-bull midfielder (It was **Richard EGAN** according to above, Ed)

All in all a very pleasing performance but there is still room for improvement, which should be achieved at training on Tuesday nights, and all praise in this regard to Richard Egan, who makes a round trip of seven hours on public transport to Kingston in order to attend. Adam Goddard

The 1st knew that they were going to have a tough game ahead, but it did not turn out to be quite as tough as we thought. We went into a goal lead after four minutes when Chris Threlfall put a through pass to **GERRY REASELEY,** who slotted the ball to the right of the goalkeeper . This spurred us on but, and without trying too much to make excuses, due to a very treacherous pitch, covered in bumps and divots and grass-covered holes, we found difficulty in playing the type of football that we wanted to. To add to this Dave Bartlett pulled a muscle after five minutes; thanks to the holes in the pitch!

However, the 1st Xl sport the greatest defence it has had for as long as I can remember, and Edgware were given the task of putting the first goal this season past it. For the rest of the game our attacks were periodic, although by this I do not mean that we were totally defensive

Chris Threlfall covered a lot of ground and both Bill Burgoyne and Mike Kendrick had the centre-field tied up, especially after Edgware's tall centre-forward had vacated his position. With a final score of 1-0 we came away with two very valuable and well-deserved points Gerry Reaseley

The 4th Xl will continue to lose matches and be relegated unless they decide to be 100% Saturday afternoon footballers and not Sunday afternoon picnickers . A defence cannot keep out attackers with half-hearted tackles which any forward can avoid. Strong, hard and, most importantly, decisive tackling is urgently needed, for this will gain respect from the opposition and encourage our own players to try harder and follow suit . From this showing defenders were beaten with ease and, worst of all, did not bother to challenge back. The culprits know to whom I am referring and unless they improve, their places will be in jeopardy .

The forwards cannot escape my criticism, either. It seems that once the ball is up-field and in our possession, it is up to the yellow shirted Wilsonian to find a man to pass to. Well, that's half right; it is also up to other forwards to draw the defence and create gaps into which a pass can be laid. With this running off the ball the danger is increased from one man to five.

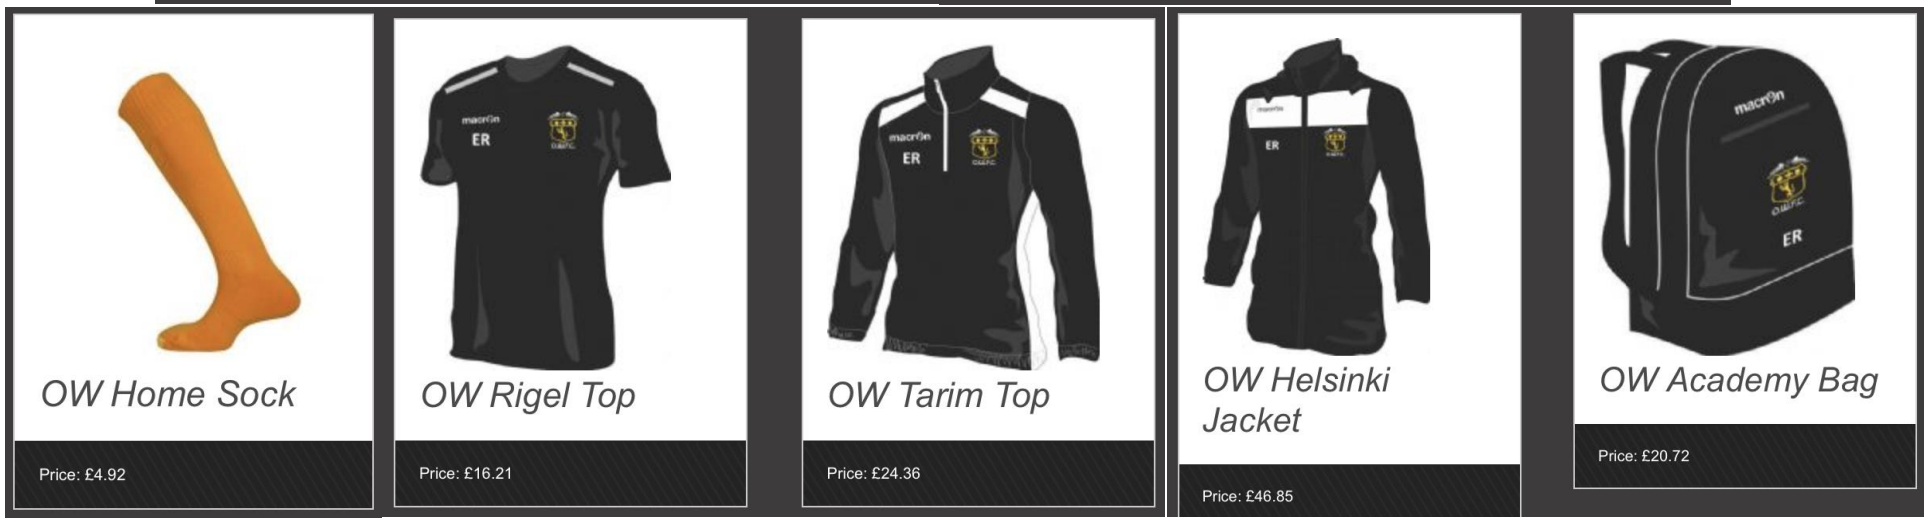

Unless players work for the team we shall find it increasingly difficult to score. Nobody in the team has the ability to take on the opposition single handed. Therefore, team work is of the essence

On Saturday there were some very neat moves. Both 'Spud' Murphy and Dave Hoare had good games and I hope to be able to write about a victory next week, something I have not done for fourteen months! John Clarke

Not for 18 years have Crystal Palace been so humiliated before their own supporters as they were on Saturday
